Imagine a Hebrew School where kids don't want to miss a day. They come in with a smile and leave humming a Hebrew song. Imagine a child who feels the warmth and spirit of Judaism and can sense its importance in today's society.

At Chabad, children don't just love to learn about Judaism, they learn to love Judaism as well. As affiliates of the international Chabad movement – the largest network of Jewish schools in the world – our schools enjoy a well-earned reputation as trendsetters in creative Jewish education for kids of all ages.

What is unique about Chabad Hebrew School is that the beauty, values and traditions of Judaism are brought to life through a kaleidoscope of activities and interactive lessons. ## FAMILY WORKSHOPS

It's vital that a child's excitement for Judaism be shared by the members of his/her family. That's why we've created stimulating Family Workshops that invite the participation of the entire family. They're fun, hands-on, very educational and they allow you - the parent - to interact with your child in a classroom setting.

## KIDS MAKE SHABBAT

Students join together to cook and prepare a Shabbat dinner; everything from baking their very own challah to rolling the matzah balls to icing the scrumptious dessert. Families come together for a spirited and memorable Shabbat feast, served up by our proud student-chefs. KMS is a wonderful, hands-on way to learn about Shabbat!
